Calculate your breakeven point, margin and markup ... Enter your sales and expenses information into our Financial statements template below to calculate your margin, markup and breakeven figures within the profit and loss, balance sheet or cash flow statements. Break-Even Point Analysis | Formula | Calculator | Example ... Break-even analysis is a measurement system that calculates the break even point by comparing the amount of revenues or units that must be sold to cover fixed and variable costs associated with making the sales. How to Calculate the Break-Even Point for Your Business ... Although breaking even is better than operating at a loss, operating beyond the break-even point is where business owners want to be. It allows them to: a) begin to realize profits, and b) see signs of growth and stability.

Use This Formula to Calculate a Breakeven Point Calculating the breakeven point is just one component of cost-volume-profit analysis, but it's often an essential first step in establishing a sales price-point that ensures a profit.
